TAKE NOTICE ALL.
WESTON'S celebrated PATE DE CHOCOLAT, ou Pate de Coco

This excellent preparation of the Cocoa Nut is particularly recommended, not only on account of the great facility with which it is made ready and for its peculiar richness of flavor, but more especially on account of the light and salutary nutriment it affords the Oil of the Nut (which in the ordinary made Cocoa or Chocolate separates thereby offends the stomach and counteracts its otherwise beneficial effects) is in this preparation completely neutralized and rendered harmless at the same time possessing its superior qualities

BANGOR WHIG.

WEDNESDAY [illegible]

THE ELECTION.

We give below what returns we have received. The locofoco majority in this section of the State will be about the same as last year, though the vote will not be so large. In Penobscot the locofoco Senators are elected and probably the ticket of the same character has succeded in Somerset. John Fairfield is re-elected Governor, and the same party have secured a majority in both branches of the Legislature. Saddled as the State has been the year past with an enormous debt by the mismanagement of our rulers, and as they cannot bring greater disaster upon the State than she has already suffered from misrule, it is about as well, perhaps, that they should have the management of affairs in their own way a year longer.

Washington Cutler &c Isaac C Stevens,* East Machias, M J Talbot

Those marked with an asterisk are Whigs.

In Hancock and Washington Middle District, Thomas Robinson, Whig is elected Senator by about two hundred majority

☞ In Waldo county last year, the locofoco majority was 2,586 this year it is 2 319 Locofoco loss in "democratic" Waldo, 267

☞ We have received returns from all the towns in this county but nine, and the vote stands thus for Kent 3218, Fairfield 4074

☞ We regret to perceive by accounts from the lower section of Kentucky, that the fatal form of fever, known as the *congestive fever*, is alarmingly prevalent

Fire The store of Mr Knowlton in Newburg, with all its contents was destroyed by fire on Tuesday evening

Lyman Rathbun The Buffalo Advertiser and Journal of Tuesday, says that letters were received in town this morning announcing the death of Lyman Rathbun He died in Texas on the 1st of August last

Michigan The Michigan Whig State Convention nominated William Woodbridge of Detroit, for Governor, and J W Gordon of Marshall, for Lieut Gov.

☞ Twenty three vessels under the American flag, have sailed from Havana for the coast of Africa, to engage in the slave trade.

☞ Notwithstanding the strong condition in which the Bank of France appears to be, this has not prevented failures in Paris, where more than forty had taken place during the months of June and July, one was for about $700,000, and another for about $200,000 both were English houses

THE BANGOR RIFLES [illegible] under the command of Captain William H Mills, [illegible] Thursday afternoon [illegible] highly pleased with their fine appearance and elegant uniform of green frock coats, and beautiful new caps to match. The company bids fair to become the elite of the city in a military point of view, and we trust that our young men will come forward with spirit and aid those few active members who are doing so much to make this company what it should be We regret to say that there is a lack of military spirit among too many of our young men their military ardor is quite too dormant it needs to be aroused and put into action, and there is no better or pleasanter way of doing it than to become active members of a well disciplined military corps The Rifle corps have a fine set of officers, who know their duty and will perform it Let our young men then come forward and fill up the ranks with citizen soldiers

Vermont Election The returns received thus far, are very imperfect There is however, but little doubt that Governor Jennison is re elected Both branches of the Legislature, it is probable, are whig We have returns from one hundred and fifteen towns, which send sixty five Whig and fifty Van Buren representatives to the legislature Thus far, Windham, Windsor, Addison and Rutland have elected Whigs and Bennington and Washington counties, Locofocos to the Senate

In the northern part of the State, where the Van Buren party made a large gain in their number in the Legislature the saddle appears to be on the other horse The St Albans Messenger, printed in that section, contains the returns from thirteen towns, which last year elected eight locofocos and five whigs to the Legislature, have this year elected nine whigs and only four locos

☞ It stands well with the Whigs in Maine They have every thing to encourage them, and nothing to cause them to despond Since 1835 they have greatly increased their strength In 1835, the Whig vote in the whole State was but 16,860 In 1838, it was increased to 42,897 And we have no doubt, that had the Whigs made the effort this year they did last, they would have shown an addition to their strength that would have carried terror and defeat into the ranks of their opponents We give below, in order to show the gradual increase of the strength of the Whigs, the vote for Governor for three years past

In Sept 1835, Wm King had		16 860
" 1836, Edward Kent had		22 708
" 1837, "	"	34,358
" 1838, "	"	42,897

☞ The Whigs of Portland have elected three Representatives Messrs Wm Pitt Fessenden Oliver B Dorrance and Elisha Trowbridge Mr Lyman was a candidate, but was defeated by the votes of the Abolitionists, they having inserted the name of General Appleton on the list in place of Mr L's

Havana papers to the 19th of August represent the Island of Cuba to be in a state of perfect tranquility The importations of flour at Havana during the first six months of 1839, were 90,475 barrels of lard, 26 373 pounds of bacon, 460,000 pounds

☞ The number of steerage passengers that have arrived at New York from European ports from the first to the fifth instant inclusive, is 2 141 Of this number 1,657 arrived from Liverpool alone.

Large Apples The Nashville Banner notices the receipt of twenty four apples, from a lady in Williamson county, which weighed 29 pounds One of the apples weighed twenty three ounces

Missionary Contributions The amount of donations and legacies to the American Board of Commissioners of Foreign Missions during the last year, as acknowledged in the list published by the Missionary Herald, from August 1 1838 to July 1, 1839, was $241 888 08

THE ACTRESS.

BY F. A DUVIVAGE

(CONTINUED)

Your *contempt*, Angela! Oh heaven! is it then true that my passionate devotion so wildly begotten, so wildly cherished, the offspring of fire and the nursling of fancy, is derided and despised

The offspring of imagination, Randolph You should seek an ideal mistress

I have sought and found one I pondered over the reveries of poets and the dreams of painters over works of art created by the pen and pencil and I formed one bright image of perfection I saw it realized in you, and I adored you

I cannot help that Randolph, answered the lovely actress, glancing at her image in the mirror

Oh Angela you tear my heart by your cold ness and indifference

Come Randolph, said the actress, it is time to put an end to such language as this If I ever listened with patience to your praises it was because I thought them the mere language of compliment, but now I find that my common courtesy is leading you into the mazes of an infatuated passion, it is time to tell you frankly and decidedly, that I am displeased with your pertinacity

Angela! Angela! you madden me

I wish to cure your madness, replied Angela We must meet no more or meet only as friends

Why, Angela, oh why?

Because because I love another.

Love another! exclaimed Randolph Angela, it is impossible!

Impossible, and why sir?

Because no one can love you with half my devotion no one can sacrifice his life for you as I would Whoever he may be, he is unworthy of you

It is false! cried the Italian, with flashing eyes, what are you, that you dare to say this to me?

Randolph answered with wild and almost fierce against a Painter — one who will yet write his name upon the topmost arch of fame Yes, I have something within me that tells me I was [illegible] and perish [illegible] that tells [illegible] [illegible] — that [illegible] delight to do me honor, that what my great namesake was in Italy, I shall be to my country and the world, the monarch of my art — the paint-king!

Then let that be your consolation, said the actress, sneeringly Live! live and exult in your dream of vanity but do not think to win my favor by undervaluing one whom I love and in whose very shadow you are not worthy to tread

Angela! Angela! your words stun me. Ha! you are only probing my heart, in I you love me in your soul you do It is it must be so and you must be mine And with these words he threw his arms about her waist

What! cried the actress do you dare use me thus! Unhand me, or I will give you up to the indignation of my lover! Let me go sir instantly obey me!

No Angela, no you are mine your lips must seal my bliss I will not quit you till you have promised to be mine

Never, never! I am betrothed to another Unhand me sir unhand me!

She raised her voice in the expression of her indignation but her cries were choked by a stern exclamation, that started even the painter

Unhand the lady, scoundrel! or I ll strike you to the earth

The painter turned and beheld a man whose person was muffled in a cloak except one arm which was raised in a menacing gesture, and whose handsome features were convulsed with passion The fair Florentine sprang joyously into his arms and hid her head upon his breast

Spare him Henry, said she, he has been presumptuous but he has lost his senses

At once the expression of sneering malice vanished from the face of the stranger, giving way to a joyous smile of gratification and triumph He threw his arm about the frail form that clung to him for support, and putting aside the clustering curls, imprinted a kiss on the fair forehead The action stung the painter to the quick, for it showed the whole extent of his rival s bliss and the contempt with which he was regarded, since his presence did not check these fond endearments

You owe your impunity, said the stranger, after a pause, in a musical voice, which gave a double point to his sneer, to the generous interference of this lady There sir, is the door your presence is no longer agreeable

Oh Angela! groaned the painter can it be that you despise me?

I hate you answered the passionate Italian

Randolph stood one moment in mute despair then striking his forehead with his clasped hands fled from the presence of the actress and her lover

And now I will explain to you Mr Lee, commenced Angela

Mr Lee! you commonly called me Harry, Angela

Dear Harry then and she threw her arms fondly about him I will tell you all about this foolish man, for circumstances may appear strange

Spare me the story, said the confiding lover, I had rather hear you sing, or tell me how you love me Where I have bestowed my love, there I have bestowed my confidence I doubt you not

Dear, dear Harry, said Angela, I never knew what frankness, and generosity, and happiness were till I knew you

Among the acquaintances of the signora Angela, was Luke Howard, who felt a stronger interest in the fascinating girl than he cared to acknowledge even to himself The restraint he put upon his feelings had more than one source he knew that Randolph was passionately enamored of the songstress, friendship forbade him to engage in rivalry and he was unwilling to form any connexion which might be disagreeable to his father, or discreditable to himself The little however, which he permitted himself to see of Angela, convinced him that her character was stainless and the abuses which had been heaped upon her by the dissolute, strengthened his conviction

So soon however, as it became known to him that Randolph had relinquished his suit in utter hopelessness Luke visited the lady more frequently, and his reception was so cordial, and the hours he passed in her society so pleasant, that he gave himself up without reserve to their engagement As he gazed upon the transcendent beauty of Angela, or listened to her sweet voice as she sang the songs of her country or repeated verses from the Italian poets he felt that his interest in the lovely and unfriended being was daily growing stronger

Besides the fascination of her beauty and accomplishments, there was a mystery about Angela which awakened the young man s curiosity This mystery increased daily Sometimes she appeared in the very highest spirits, laughing, singing and flying from one subject and from one amusement to another, with a fairy like rapidity and caprice Sometimes her mood was pale, melancholy and tearful — One day she would welcome him with the most radiant joy, while on another she received him with cold civility, was embarrassed in her manner and evidently relieved when he took his departure Luke knew not the answer to this riddle he knew not that the young Italian was in love, and suffering from the caprices of an exacting and jealous lover a gloomy man, whose soul was wrapped up in her but whose passion was selfish, undulgent and subject to vicissitudes who would alternately threaten and caress, but never supplicate, and who possessed an iron command over the yielding mind of Angela

One evening Luke found Angela in tears and resolved to search her heart, and learn the secret of her hidden griefs, that he might if possible offer her a remedy But she would not could not listen told him she was unwell, and requested him to call on the ensuing day That day he came and found her gone the house deserted and no clue left by which he might trace her out It was then in the bitterness of his disappointment, that the young man discovered the secret of his love, and found that what he had mistaken for friendship, was in fact, a burning and consuming passion

(To be continued)

☞ The following paragraphs from the Portsmouth Journal, it is unnecessary to say, have reference to the absconded sub treasurer of Exeter, Hiram Whittemore But though intended for the meridian of Exeter, they will, like the calculations of an Almanac, answer for the rest of New England

"Glory enough for one day!" said a sub-treasurer in a neighboring town, as he opened the mail and proclaimed to the lookers on, the news from Tennessee How cheering it is to know that the reins of government will remain in *honest* hands! Old Tennessee is safe! "Glory enough for one day!"

IT IS NOW UNIVERSALLY ACKNOWLEDGED THAT THE INDIAN PURGATIVE PILLS

ARE the best *purgative* medicine extant Their invaluable efficacy in the cure of *ALL DISEASES* is now fully conceded They suit all complaints and all ages, ... natural to the human constitution as food, consequently they can never injure even the most delicate Like our food, they are digestive, therefore they enter into the circulation and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open They are true & perfect purifiers of the blood, because they carry all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and the effects are beneficial because they remove those humors which are opposed to health They aid and improve digestion, and sound sleep follows their use because they cleanse the stomach and bowels of those slimy humors which ... the nervous system, but ... In short they possess all the good properties that can be claimed for any medicine and what is very remarkable, it is utterly impossible to use it without benefit

HARRISON'S PERISTALTIC LOZENGES;

AN APPROVED REMEDY FOR COSTIVENESS AND DYSPEPSIA.

THIS medicine is not put forth as a universal nostrum calculated to cure all the diseases incident to humanity, but rather as a means of preventing them It may safely be stated that nine tenths of the most serious maladies arise from an unhealthy action of the stomach and bowels or liver inducing as a natural consequence indigestion and its results, such as head ache acidity of the stomach, heart burn flatulency, nausea, lowness of spirits jaundice and a whole catalogue of other complaints, which may be entirely removed by a timely and persevering use of this remedy

The most cogent objection to Aperients in general is, that containing some drastic purgative they leave after their operation has ceased a torpidity of the stomach and bowels producing consequences which their administration was intended to correct Such effects will not follow the use of these Lozenges

TO FEMALES IN DELICATE HEALTH

The Peristaltic Lozenges are strongly recommended to the notice of every Lady having obtained the sanction and approbation of several eminent gentlemen of the Medical Profession as a safe and valuable medicine in removing obstructions and relieving all other inconveniences to which the female frame is liable especially those which arise at an early period of life, from want of exercise and general debility of the system

They create an appetite, correct indigestion, remove giddiness and nervous head ache, and are eminently useful in windy disorders pains in the stomach shortness of breath and palpitation of the heart. Being perfectly innocent they can be taken at any time and under any circumstances The most delicate female, when an aperient is required, may have recourse to them and they will act as a preventive against those nervous and hysterical affections which so frequently arise from continued constipation

TO SEAFARING PEOPLE AND TRAVELLERS GENERALLY

To individuals travelling, more particularly seafaring persons when from change of habit or climate, the liver and bowels become inactive and costiveness follows as an invariable result, these Lozenges will prove invaluable One individual writes "I consider myself cured of costiveness, to which I was always subject the moment I left the land, solely by the use of your medicine," The proprietor is continually receiving orders from his seafaring friends for the Lozenges When they are to be carried to sea, they ought always to be started from the box in which they are packed and put into tight bottles In this way they may be kept good for any length of time

The proprietor offers them as a cure for nervous head ache and general neuralgic affections Very remarkable cures might be published if thought necessary

Mr Milhan, the agent in New York, writes, "I think it no longer necessary to advertise to the extent as heretofore, the Lozenges are now well known I am daily receiving the most satisfactory accounts of them, and I shall always recommend them to my customers "

The very questionable reputation which medicine derives from the fashionable practice of publishing a long list of certificates from persons whom nobody knows has induced the proprietor to forego the opportunity of offering to the public the many commendations which he is daily receiving of these Lozenges trusting rather to their own merits which will be apparent to all on trial and the respectability of his numerous agents

These Lozenges have been in use for two years the general approbation they have met with from our first families establishes their merits and makes further remarks unnecessary They are packed in boxes which may be carried in the pocket and sold at fifty cents per box

For sale in Bangor by George W Holden and Whittier & Guild, Eastport John Beckford Hallowell, Samuel Adams and F Scammon Augusta Lappan & Ladd Gardiner A T Perkins Portland Joshua Durgin and Artemas Carter,

HARRISON'S PILE-REMEDY,

Warranted as specific in all cases

Hæmorrhoids, or the Piles are occasioned by habitual costiveness plethora, hard riding on horse back and not unfrequently by the use of aloetic purgatives The popular nostrum known as 'Vegetable Pills,' Universal Pills' and the like are highly injurious when taken for a long time being composed chiefly of aloes which ought never to be taken by persons subject to Piles

This complaint is not necessarily and of itself immediately dangerous, in fact in some instances it may be considered as a salutary evacuation especially in plethoric or full blooded persons but when suffered to remain long it is the cause of many serious and even hazardous diseases

The remedy now offered to the public, is prepared by the undersigned from the recipe of a highly eminent practitioner in a neighboring city, and from the numerous cases absolutely cured by the use of it, he feels warranted in offering it as a specific

It is put up in packages at fifty cents with full directions for use, accompanied by a plain treatise on the disease Prepared and for sale by

VALUABLE CERTIFICATES. EVAN'S CAMOMILE AND APERIENT PILLS THE DIFFERENCE.

IT cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness there are others which it would be great injustice indeed and suicidal prejudice to involve unitried in a common condemnation And when a medicine comes endorsed with all the great names that have adorned the annals of the medical profession and warranted by the seal and signature of long and uniform success its proprietor makes no unreasonable demand upon the public confidence, when he claims for it a superior consideration

The Camomile Preparation by Dr Wm Evans is undeniably entitled to this enviable distinction for whilst no medical authority in existence condemns it every medical practitioner that is acquainted with it freely acknowledges its pre-eminent virtues and that the latter should do so in opposition to their personal interests, must be attributed either to their candor and love of truth or to their unwillingness to fly in the face of all observation and the testimony of thousands

Dr W Evans does not pretend that his Camomile Tonic Pills will cure all diseases He frankly and conscientiously admits that they will not He lays no claim to the discovery of the "Philosopher's Stone" and wishes nobody to believe that he sells the 'Elixir of Life," but he does say and he does believe and he can prove, that in debility and impaired constitution, in Nervous diseases of all kinds, in weakness of the digestive organs, in incipient consumptions, whether of the lungs or the liver, in the dreadful debility occasioned by the use of purgatives, in palsy, rheumatism, (more especially) in the sickness incident to mothers and to females of relaxed nerves, in every case of delirium tremens or that disease which is brought on by intemperance, in the wretched horrors of body and mind which accrue from occasional inebriety, loss of appetite langor melancholy pains in the head, limbs or side, in corrupt sallow and uncomely complexion caused by the bad state of the fluids in all these cases (see the others mentioned in the bill of directions given with his medicines) HE DOES SAY, that the Camomile Tonic Pills, interchanged occasionally with Aperient Family Pills (the best known) which are sold with them will effect immediate relief, and if used but for a fair period of trial a perfect cure This much is placed beyond a doubt by daily testimonies which would be given on oath and for this much Dr W Evans can conscientiously request confidence He therefore need only add that his Camomile Tonic Pills, together with his excellent Family Aperient Pills can be obtained wholesale or retail at No 7 Division street near Chatham square, N York, and his authorised agents in town and country

Other and more conclusive demonstrations of the efficacy of Dr. Evans' Camomile Preparation and Aperient Medicines, are submitted by the following important and extraordinary cures effected by their highly medicinal qualities, all of which may be seen at Dr. Wm Evans' Medical Office, No 7, Division street. One or two of these he herewith respectfully gives to a discriminating public

Dr Wm Evans Sir, be pleased to receive the thanks of one who has been a great sufferer for several years for the great benefits she has received from the virtues of your inestimable Camomile Pills She has suffered with pain and distress in the head, a lightness across the head a lightness across the stomach shortness of breath, and palpitation of the heart, exercise would almost overcome her, but since using your Camomile Tonic Pills her complaints are removed she is able to exercise without fatigue and she is happy to say, can enjoy life comfortably again

Newark, July 18 1836 Dear Sir for four years I have been so unwell that I was unable to attend to my business and for the last 4 or 5 months was confined in my room my complaints were rheumatism pains in my stomach indigestion and loss of appetite with continued pain and dizziness in my head, I used different kinds of medicines without effect, until I commenced taking your invaluable Camomile and Aperient Pills, their beneficial effects upon me astonish all who knew my situation. In a few days I shall be at your office to express my gratitude to you in person In the mean time I subscribe myself your most ob't serv t

Dr Wm Evans.

Extract of a letter from Jonas Snyder, Postmaster, Knoxville Pa to Dr Wm Evans Among several cases "an elderly lady who had been 35 yrs afflicted with nervous hypochondria debility &c. that for the last 3 years she constantly received medical aid from a respectable physician, but the pressure and pain on her heart and breast and especially in her left side remained immovable, attended at long intervals with weakness in her head and on her mind keeping her discouraged to undertake any thing In May she commenced using Dr W Evans' Camomile and Family Aperient Pills according to the direction accompanying them A reaction took place; the pains and pressure in her body was removed, her mind became clear and strong, her spirits perfectly good, and up to this time is in all respects restored to health which for the last 10 years she has not enjoyed

Sept 2 1836 JONAS SNYDER.

ON LOW SPIRITS Low spirits is a certain state of the mind accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds and the worst consequences imagined, Ancient writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria which are situated on the right or left side of that cavity, whence comes the name hypochondriasis

SYMPTOMS The common corporeal symptoms are flatulency in the stomach or bowels acrid eructations costiveness spasmodic pains, giddiness, dimness of sight, palpitations, and often an utter inability of fixing the attention upon any subject of importance, or engaging in any thing that demands vigor or courage Also languidness, the mind becomes irritable thoughtful desponding melancholy and dejected, accompanied with a total derangement of the nervous system The mental feelings and peculiar train of ideas that haunt the imagination and overwhelm the judgment exhibit an infinite diversity The wisest and best of men are as open to this affliction as the weakest

CAUSES A sedentary life of any kind especially severe study, protracted to a late hour in the night and rarely relieved by social intercourse or exercise, a dissolute habit great excess in eating and drinking the immoderate use of mercury violent purgatives the suppression of some habitual discharge, or long continued eruption, relaxation or debility of one or more important organs within abdomen is frequent cause

TREATMENT The principal objects of treatment are to remove indigestion to strengthen the body and to enliven the spirits, which may be promoted by exercise early hours, regular meals and pleasant conversation The bowels (if costive) being carefully regulated by the occasional use of a mild aperient We know nothing better calculated to obtain this end than Dr Wm Evans' Aperient Pills— being mild and certain in their operation The bowels being once cleansed, his inestimable Camomile Pills (which are tonic anodyne & anti spasmodic) are an infallible remedy & without dispute have proved a great blessing to the numerous public.

Some physicians have recommeded a free use of mercury but it should not be resorted to, as in many cases it will greatly aggravate symptoms

B BRANDRETH, M D

"PUBLIC OPINION IS SELDOM WRONG" Junius

PUBLIC OPINION Public opinion is perhaps the only unerring guide from whose decision there is no appeal, and was there ever such a manifestation of its approval as there is with Brandreth's Vegetable Universal Pills? Simply step has this medicine wormed itself into favor in spite of *envy, derision* and *scorn* Triumphant has been its progress to its present sphere of extensive usefulness It has surmounted obstacles before which quackery sinks paralyzed and has gained for itself a reputation which neither Physicians, nor flippant sordid, counterfeiting apothecaries can ever injure. These charlatans, nevertheless do assail it with the malignant shafts of their despicable envy, and which rebounds upon themselves with a power each day on the increase, until they themselves will be covered with the slime of their own manufacturing They can no more injure the reputation of Brandreth's Pills than they can put their hand upon the sun,

" Or with polluted fingers tarnish it "

If to discover the cause and nature of disease— if to make a medicine universal in its powers, and universal in its curative effects upon every kind of malady proved by the cures performed upon thousands of persons restored to the blessings of health

If to do these things be praiseworthy then is Dr Benjamin Brandreth entitled to the praise of this and each succeeding generation By the means he points out chronic infirmities and premature death are prevented What are the means? Simply Vegetable Purgation and it is now an established fact that there is no other way by which a REAL CURE can be effected

These and indeed ALL counterfeit Pills if used according to the direction which accompany my Pills are calculated to destroy life They are made by men having no standing or respectability without habitation or name perfectly careless of consequences provided money is obtained Extract from Dr B's address to citizens of U S

And be careful to remember that I have never authorized any Doctor Druggist, Apothecary or Pedlar in the U S to sell my pills These contemptible *persons* universally sell counterfeits and that all Tradesmen who are made agents, have each of them a *copperplate* certificate of agency, signed in writing with a pen by me, and which certificate requires renewal every twelve months, it being no guarantee for more than one year from date observe the date is not *written*, it is *engraved*
